## Going the distance for our communities.

At Dominion Energy Ohio, going the distance for our customers means more than just delivering safe, affordable natural gas. It means being a positive force in the communities we serve. Our EnergyShare<sup>®</sup> program has raised \$7.8 million and helped more than 82,000 people in Ohio alone. These resources, combined with more than 8,400 volunteer hours from our employees, have benefited organizations as diverse as the American Red Cross, the Greater Cleveland Urban League, the Ohio & Erie Canalway Coalition and The Salvation Army.
