ABOUT

A JOURNEY ACROSS SPACE AND TIME. THROUGH SOARING JUNGLES AND CRYSTAL CAVERNS. INGENUITYFEST 2023: BIOLOGIES GEOLOGIES IS AT ONCE WHIMSICAL AND WHOLLY SERIOUS IN ITS DEDICATION TO OUR PLANET.

At Ingenuity Cleveland, we are thrilled to gather and celebrate our planet's wide array of resources and wonders, and the inventions and innovations that have brought us together across her varied terrains. Our flagship event, created alongside a wide community of artists, entrepreneurs, partners and performers, stretches from the depths of the sea to the vastness of space to the low echo of crystalline caves. Be sure to visit all four floors!

INGENUITYLABS & LABS MEMBERS

Our IngenuityLabs Incubator provides a supportive and accessible creative environment, resources and networking opportunities.

We encourage collaboration among artisans, technologists and innovators with our complementary year-round programs: the IngenuityLabs Incubator, the Ignite! series for creative entrepreneurs, monthly Ignite! Neighbor Nights and the community-driven creative collective, the Ingeneers.

INGENUITYLABS

WELCOME TO OUR YEAR-ROUND EXPLORATION DESTINATION - MEET OUR MAKERS!

BRIAN JOHNSON STUDIOS

Fabricated works, machinery, & adaptive bikes, plus check back soon for a custom-made CNC. Collaborations include Zephyr & The Lighthouse. Closed during IngenuityFest.

SUSTAINABILITY:

Striving for Zero Waste—Look before you throw

You can help make IngenuityFest environmentally friendly by avoiding single-use plastic like water bottles and straws. Reusable bottles are available for purchase, with water stations and free compostable cups throughout the Fest. You will see bins for compost, recycling, and landfill. Most of the food service products are biodegradable and compostable in the green bins. So are paper towels. Please look at the signs over the bins, talk to volunteers, and be thoughtful when disposing. **Thanks to our partners Rust Belt Riders.**

ACCESSIBLE SERVICES:

ADA parking and golf cart drop off to gate available

ABOUT

INGENUITYLABS and THE HAMILTON COLLABORATIVE

Ingenuity is proud to be a founding partner of the Hamilton Collaborative.

We are redefining growth and innovation as an open, intentional community, managed cooperatively, providing tools, space and knowledge.

We nurture a thriving family of creative entrepreneurs and, together with these partners, we are transforming a 100-year old factory with a new economic and social model for Cleveland. Our partners include:

Soulcraft CLE

Artisan woodshop offering classes at a range of skill levels, space for emerging woodworkers, and high-end custom furniture.

Architecture Office

Boutique contemporary architecture firm restoring Cleveland's urban fabric.

Rebuilders XChange

50,000 square feet full of architectural salvage & construction materials, plus custom fabrication services. Regular hours Thurs-Saturday 9am-4pm
Closed during IngenuityFest.

MorrisonDance

A Modern company continuously challenging the traditional of understanding dance.

Former members include: Skidmark Garage, Rust Belt Riders & 3 Barn Doors

ANNOUNCING BIG NEWS!

INGENUITY is announcing an EXPANSION OF INGENUITYLABS!

After five years of careful study and planning, piloting year-round programming to serve creative entrepreneurs, our neighborhood, and our entire region from our home base in St. Clair Superior, we're so excited to announce that we've signed up for five more, plus a five year option! As we head into our 20th anniversary season in 2024, we can't wait to unlock the possibilities that 10 years of long-term stability and growth will bring.

We are slated to nearly triple our footprint over this time, opening up more than 100,000 square feet of BIG LOUD INNOVATIVE SPACE for creatives, as well as additional shared maker shops, new educational facilities, clean-tech spaces, and room to more than double our IngenuityLabs Incubator class of 24 small creative businesses.

IngenuityLabs is a totally unique environment where printmakers and fabricators, flame effects and fine artists can thrive side by side with unmatched access to tools for innovation, ranging from 10- and 20-ton bridge cranes to 3-phase power, soaring ceilings and, above all, a peer community. Currently, we are open and programming more than 150 days a year, most free and open to the public. And we're just getting started . . .
